Transfer - land -Bellary -Bellary District Board -Roadway -

Ref. Board's Refce. B.No. 3967/30.1.dated 15th August30.

Points 1 and 11 of tne Government Reference:--

The proposed road runs in two survey fields of Bellary village and in one field of Kolagal village. The survey particulars of the fields are furnished below.

Name of village.	Survey No and letter.	Classification.	Extent in Acres.	Assessment.	Remarl
Bellary	640 A	Village site porambоke	620.40	Nil	
Bellary	665 A	Assessed waste Dry	75. 00	42.3.0	
Kolagal	605	Government Dry.	8.20	4.10.0	Ryotwari patta .Registered in the name of Kuruba Jambamma.

The roadway runs in two big waste blocks and therefore its correct area could not be ascertained without the road portion being sub divided.

2. Point (iii) of the Government Reference.

S.No. 640 A is within the Cantonment limits. The Cantonment authorities have been using only a few plots here and there for a parade ground, rifle range etc but the full field is not in their possession though it vested in the Cantonment authority for administration purposes only. It must accordingly be held that though

though the land vested in the Government of India on 1st April 1921, it was not in their possession. It was not land purchased by them or conveyed to them by the local Government for particular purposes.

To

The General Officer Commanding,

Dated, Fort St.George, the 28th February 1931.

Sir,

Transfer - Land-Bellary - Bellary and Kolagallu villages - Roadway- District Board, Bellary - Your letter No. 2297/144/Q. dated 6th August 1930.

.....

I am directed to say that the land the transfer of which to the District Board, Bellary, has been sanctioned by the Government of India, Army department, in their letter No.33-Rd.(A.D.4) dated 25-7-1930, consists of parts of S.No. 605 of Kolagallu village and S.Nos.665 A and 640 A of Bellary village.

2. S.No.605 of Kolagallu village is a private holding which is not in the possession of the Government of India, Army Department, and the portion of it, if required by the District Board, will have to be acquired from its owner under the provisions of the Land Acquisition Act.

3. Except for a small extent of 2 cents, the land required for the proposed road in S.No.665 A of Bellary village lies outside the limits of the old Bellary cantonment and it is therefore at the disposal of the Local Government.

4. An extent of 2 cents in S.No.665 A and the land required in S.No.640 A lie within the limits of the old cantonment. On 1st April 1921 S.No.665 A was registered in the Revenue accounts as 'stream poramboke' and during the resettlement of 1923-24 it was registered as "assessed

"assessed waste dry". S.No.640 A is registered as village-site poramboke.

5. In accordance with section II of the minutes of the Conference held at Fort. St.George on 5th November 1930(copy enclosed), which have been accepted by the Government of India, lands in cantonments which have been classed as "poramboke" (ie. lands set apart for communal purposes) were not in the usufructuary possession of the Cantonment authority on 1st April 1921. It was agreed at the Conference that this Government should have the revenue registers specially examined to see whether any land which is now classified as poramboke ought properly to be classified as assessed waste or un-assessed waste, and <u>vice versa</u>, and that lists should be drawn up which would be accepted by this Government and the General Officer Commanding -in-Chief, Southern Command or if necessary, the Government of India. This Government have called for proposals to carry out this examination. The ownership of poramboke and waste lands in the Bellary cantonment cannot be finally determined until the lists referred to above have been drawn up. For the present this Government are of opinion that since S.Nos.665 A and 640 A were classified as poramboke lands on 1st April 1921 the proper authority to whom application should be made for the transfer of the portions of these two fields for the proposed road is the Local Government. I am accordingly to request that the Government of India may be moved to cancel their letter No.33 Rd.(A.D.4) dated 25th July 1930, and to direct the District Board to make an application in the matter to this Government. The sketch received with your letter is herewith returned.

To A.S.

Please see the Government Memorandum at p. 1 c.f and the Collector's reports at pp. 13 & 14 and 23 c.f.

The lands required for the proposed roadway are as follows:-

Village.	S.No.	Classification.
Bellary	640-A (Part)	Village site - poramboke.
	665-A (Part)	Assessed Waste - Dry
Kolagal.	605 (Part)	Ryotwari patta registered in the name of Kuruba Jambamma

2. It is clear that the land in Kolagal Village, being private land, must be acquired under the Land Acquisition Act for the roadway Except for a small extent of 2 cents, the portion required in S.No.665-A of Bellary Village lies outside the limits of the old Bellary Cantonment and is, therefore, at the disposal of the Local Government. The extent of 2 cents in S.No.665-A and

the portion required in S.No.640-A are within the old Cantonment limits. Their ownership should be determined by G.O. No.2416, Revenue, dated 20-8-1914, as interpreted i the Govt Memo No.3834-A/30, dated 12-11-1930 The proposals for carrying out the work of reclassifying the porambokes and wastes in the Cantonments called for in the Government Memorandum have not yet been submitted, but the information available appears sufficient to determine the ownership of the lands in question.

S.No.640-A (Part)-Village Site poramboke.

The Collector reports that the cantonment authorities were using only a few plots here and there for a parade ground, rifle range etc., and that the full field was not in their possession, though it vested in them for administrative purposes As the land is classified as required for a communal purpose - village site poramboke the Board may agree with the Collector that the portion of it required for the roadway is the property of the Local Government and not of the Government of India.

S.No.665-A (2 cents) - Assessed Waste - Dry.

The land was originally registered as vagu poramboke and was transferred to 'assessed waste' during the resettlement, presumably because it was not required fo channel purposes. In accordance with the

interpretati

interpretation in the Government Memorandum No.3834-A/30, dated 12th November 1930, the portion of this S.No., lying within the cantonment limits may be treated as having been in the usufructuary possession of the Government of India on 1st April 1921 and their claim to ownership allowed.

For orders whether remarks to Government may be made on the above lines.
